

Making Event Calendars Work for Your Association

Your Association's event calendar, where your community manager and management company can add/edit (not delete) calendar events on the portal is a great resource for members to find community information. Property owners within a community are able to view any events placed on their association's calendar.

The Board policy determines which important dates and what types of events are placed on the calendar. Such events can be clubhouse rentals, social events and meetings, just to name a few.

Please see the screenshots below of where to find your community's event calendar within your [owner portal](#).

The screenshot displays the 'Owner Dashboard' for 'PRESIDENTIAL VALLEY POA'. On the left is a navigation menu with 'Owner' and 'Association' sections. The 'Calendar & Events' option is highlighted in yellow. The main content area shows account details, including a balance of \$4,375.00, an upcoming assessment of \$225.00, and a list of six open issues.

Calendar & Events

The Calendar in the homeowner portal can show different events and important dates within the community. The management company can go to **Association > Calendar** in Vantaca to add the events.
